Hematofos B12® award "business creativity 2002" the first veterinary product to get this award.

 Bolivar Peña
"San Agustín" Farm,
Ecuador

"Using Hematofos B12® I got better milk production levels and excellent results in livestock exhibitions due to the excellent condition of my livestock. To guarantee a proper development of livestock I recommend Hematofos B12®."

 Miguel Mosto
"Agropecuaria Italia" Stable
Lima-Perú

Hematofos B12® is a proven high quality product. Ever since I use it, milk production has increased and the recovery of calved cows is faster. Its excellent components keep productivity levels high even with convalescent cows because it stimulates the immune system.
