

Biocol-TD

Water Soluble Powder.

A Complete Protection

COMPOSITION: Each 100 gms contain,
Tylosin Tartarate 10 gm
Doxycycline Hcl..... 20 gm
Colistin Sulphate 3 gm
Bromhexine.....1.0 gm

BIOCOL-TD GIVES COMPLETE PROTECTION AGAINST CRD AND RESPIRATORY PROBLEMS AS IT CONTAINS.

TYLOSINTARTRATE

Tylosin is an antibiotic from Macrolide group. To date Tylosin Tartrate is known to be the best remedy against Mycoplasmosis. At higher doses, it also acts against gram positive and gram-negative bacteria.

DOXYCYCLINE HCL.

Doxycycline is a member of tetracycline group. It exerts its antibacterial action by inhibiting protein synthesis of bacterial cell. It is a bacteriostatic and broad spectrum antibiotic effective against gram positive and gram-negative bacteria. Doxycycline is especially good in upper respiratory tract infections.

COLISTIN SULPHATE.

It is a member of polymyxin group of antibacterial. It acts locally in gastro intestinal tract and a very potent agent against gram-negative bacteria.

BROMHEXINE.

A potent Mucolytic expectorant, which helps, liquefy the exudate and plugs formed due to bacterial and viral infections in trachea & bronchi & effectively remove them. Hence, it helps in breathing normally and stops mortality due to asphyxia.

THE COMBINATION OF FOUR MAKES BIOCOL-TD A COMPLETE PACKAGE FOR RESPIRATORY PROBLEMS

INDICATIONS.

Effective against gram-positive and gram negative bacterial infections including CRD, CCRD, Infectious Coryza, Colibacillosis, Staphylococcal & Streptococcal infections, Fowl Cholera, and to prevent secondary bacterial infections during viral infections like ND, IB, ILT, Avian Influenza, IBD
